## About Rebuilding Together DC

(formerly Christmas in April DC)

**Who we are:** Rebuilding Together of Washington, DC is a 501(c)(3) non-profit organization that is celebrating its 27th year of making free home repairs for DC homeowners who are elderly, disabled, and/or have children. We specialize in making handicap accessibility modifications so that homeowners may age in place safely and independently.

**What we do:** Our mission is to preserve affordable housing by bringing volunteers and communities together to rehabilitate the homes of low-income homeowners, especially those who are elderly or disabled and families with children. RTDC volunteer teams also provide repairs to nonprofit facilities such as schools, shelters, and 501(c)(3) community service organizations. Repairs help those who would be otherwise unable to make them (for financial and/or physical reasons) continue living independently in warmth and safety.

**How do we do it:** All work is done by volunteers at no cost to the homeowner or facility. Corporations and other groups raise funds and provide sponsorship fees to cover the cost of materials and skilled labor.

## Schedule
