

Living Like Dolls...

Living like Dolls is flirty, girly, and a little bit pixie. It's cart-wheels down the runway and dolling up with twinkle eyes. It's hanging with your girl-friends and showering the crowds with your funky personality.

This collection represents the fun loving girl who loves a colorful closet. She loves to wear heart shaped sunglasses and dance around in her hot pink docs. Many of the dresses in this collection have an ombre effect, creating a rainbow wave. Living like Dolls is fun, fun, fun!
