Split Face

STOCKED COLORS & SHAPES

Our Split Face finish features a natural looking texture that exposes the unique aggregates used in our block. A popular choice with architects and designers, Split Face units blend well with other building materials and block finishes.

Our Split Face finish is also available in ribbed and scored units, providing an interesting vertical geometry to your wall design.

RITA'S ITALIAN ICE NEW HOLLAND WHITE

- Note:** 1. All New Holland Concrete architectural CMU are manufactured with integral water repellent, wrapped, and shipped on pallets.
2. Matching type "S" mortars are in-stock.
3. Technical specifications are in the back of this design guide.

Due to the limitations of the printing process, color shown may vary from actual block. Please refer to field sample panel for accurate colors. New Holland Concrete reserves the right to change these colors without prior notice.
