At Design Expressions it's all about you — your tastes, your needs and your desire to make your home match your lifestyle. As an official Marvin Design Gallery, we specialize in creating spaces that reflect you and your personal style. From design consultation and selection to installation, Design Expressions can help you every step of the way, making your new construction or remodeling project both enjoyable and exciting.

Start Smart.

To make the most of your Design Expressions experience, it is wise to follow three simple rules. Look, Learn, and Listen. Look at your options. Whether it is windows, doors, siding, roofing, decking or anything else, Design Expressions offers a wide selection of choices in style, color and material. Determine what catches your eye and fits into both your budget and your overall design scheme.

Learn about our products, examine their particular applications, energy efficiency, warranties and expected longevity. Ask our design consultants for help. All Design Expressions staff are specially trained to know our products and answer any questions you may have.

Listen to the advice of our design professionals. Although your design is about you, professional design advice will help you avoid the pitfalls of a novice designer and make your construction or remodel more beautiful than ever.

Plan on Everything.

Plan on things you didn't plan on — meaning, be ready for new possibilities. New construction and remodels often present opportunities that can take advantage of new products or custom solutions. Design Expressions is here to help you with your plans and your options. We can even generate a complete drawing of your new kitchen for you to see how it will appear in your space.

We Install It All.

Design Expression doesn't just sell you great products and stop there. Because we care about your new construction or remodel, we want the fine products you select in our showroom to be installed with competence and integrity. Design Expressions has partnered with several trusted, professional contractors through Contractor Express Installation Services to provide you with guaranteed installation service. Because we guarantee the job, we inspect the job and make sure your products were installed in accordance with industry standards and local code. Our crews are selected for their expertise, craftsmanship and customer service. And best of all, we take care of all the details and scheduling.

Express Yourself!

Your one stop to Design Expressions is your complete solution to a wide variety of new home and remodeling projects. You provide the passion. Design Expressions will provide the products, the consultation, the plans and the installation. It's that easy.
