IDEATION / SKETCHING

3D PHOTO BOOTH / REPLICATOR 2 PRINTERS

BotFarm GUMBALL MACHINE

## Replicator 2

**3D PHOTO BOOTH**  
Come in to the MakerBot Kiosk and make a 3D Portrait. Powered by MakerBot, Thingiverse, and awesome technology from ShapeShot, we take the familiar concept of a photo booth and make it three-dimensional. There's no better way to remember yourself, family or friends just as you are today. A 3D Portrait could be the perfect family portrait or a new kind of growth chart for your kids. Take wedding invitations, Dress up in your favorite sporting attire, take your high school graduation photos in 3D, and send a digital or physical copy to loved ones far away. When you visit the MakerBot Kiosk, you can make a memory, and hold it, too.

**GUMBALL MACHINE**  
For just \$5, you can bring home a little piece of MakerBot. Our Gumball Machines have all kinds of designs that fit into classic prize capsules, dispensed through a coin-operated vending machine. Each piece was made with MakerBot quality on one of the Desktop 3D Printers in our BotFarm. Find cute things and functional things; just pop in your token and choose your treasure. Be sure to check out our limited seasonal collections. Whatever you pick, you'll have a great piece to show off the capabilities of our machines, and a perfect conversation piece to explain 3D printing to your friends.

**MAKERBOT FILAMENT**  
Robots need food, too, and we give ours only the finest MakerBot Filament. Store operators will happily explain the difference between ABS and PLA filament, and let you see and feel the difference. Join us at the store to see our full selection, and take home what you need to stock up.

**DEMOS**  
The MakerBot Replicator 2 Desktop 3D Printer is the easiest, fastest, most affordable tool for making professional-quality prototypes and models. At the MakerBot Kiosk, you can see these machines working right in front of you, in an ongoing live demonstration of the awesomeness of 3D printing. Our MakerBot Kiosk operators will give you a full rundown of the technology. We know that seeing is believing, so stop in today and get the proof you've been waiting for.

**MAKERBOT GIFTS**  
One of the best parts of visiting the MakerBot Kiosk is the chance to grab unique gifts you won't find anywhere else. Really. Items for sale were designed by members of the MakerBot Design Team and some of the best superstars on Thingiverse. Choose from functional jewelry and accessories to amazing pieces of art, all made with careful attention to quality and detail.

**EVENTS**  
The MakerBot Kiosk has become the perfect gathering place for us to meet up with long-time community members and newcomers alike. We're unrolling a series of exciting, educational events aimed at empowering you to create the things you want and need. Take a look at our Events Calendar to join in.
