

Federal Rebate Information Residential

Available to owners of single family homes including detached, semi-detached and low rise multi-unit residential buildings. Property owners can qualify for federal grants by improving the energy efficiency of their homes, and reducing their home's impact on the environment.

Commercial

The ecoENERGY for Renewable Heat program runs from April 1, 2007 to March 31, 2011. Incentives are offered to the industrial/commercial/institutional sector to install active energy-efficient solar air and/or water heating systems.

Did You Know...

The amount of solar radiation that reaches the Earth every half hour would be enough to meet worldwide energy consumption requirements for an entire year.

One of the most important tasks ahead is to find more sources of renewable energy to be able to meet the increasing demand of energy from a constantly growing world population.

Nova Scotia Provincial Rebate Information

Nova Scotia Provincial Rebate Information
Conserve Nova Scotia provides a 15 % rebate of the installed cost of a solar water heating system for residential, institutional, industrial or commercial use.

Residential

Homeowners in existing homes should also consider taking part in the Nova Scotia EnerGuide for Houses program. Under the EnerGuide program existing homes may be eligible for an additional \$500 rebate from the Federal government for installing a CAN/CSA approved system for domestic hot water use.

Commercial

The maximum provincial rebate is \$20,000. Rebates that exceed \$20,000 may be considered, and applicants may apply in advance with a detailed project description. Rebates exceeding \$20,000 must be pre-approved, and will be provided based on available funding.

Solar Panels

Solar Panel
Flat Heliostar Collector
(minimum number 2)
Product Number:
2315007442

Connectors

1/2" Clip 4 per pack for 2 in 1 Pipe
Product Number: 1135002621

**1/2" 2 in 1 Stainless Steel Flex
Tubing 50 Ft (15M)**

Product Number: 1135004131

1/2" Basic Fitting Set

Product Number: 1135002623

Solar Station

Solar Station
Product Number: 2335002274

Unit Control 1

**BW Domestic
Hot Water Control
(2 - 3 panels)**
Product Number:
2335003975

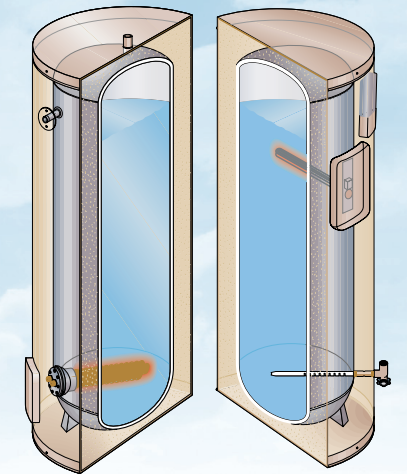

**BW/H Domestic
Hot Water Control
(4 + panels)**
Product Number:
2335003976

Expansion Tank

**18 Litre
Expansion Tank
(2 or 3 Heliostar panels)**
Product Number: 2335003144

25 Litre Expansion Tank*
(4 + panels)
Product Number: 2335002276
*Non stock item

Solar Water Heater

Solar SR Tank
Product Number: S80SRHX2045

Solar Fluid Mixing Vessel
Product Number: 2335002277

5 Liter Solar Fluid
(only on Heliostar for 4 panels and above)
Product Number: 2335002278
