

## EMDAT ENLISTS ZEPHYR-TEC TO BRING ITS TRANSCRIPTION DOCUMENTATION SOLUTIONS TO PHYSICIAN PRACTICES

*Zephyr-TEC expands service offerings with Emdat's time- and cost-saving approach to medical documentation*

**Fitchburg, Wis. (October 4, 2012)** – Emdat Inc., a leading provider of medical documentation solutions that [maximize clinician productivity](#) while decreasing documentation costs, today announced a partnership with Zephyr-TEC that will further efforts to extend market reach of the Emdat platform.

As a global leader in speech recognition software implementation, training and support, Zephyr-TEC has helped thousands of clients become productive when creating patient encounter documentation. By adding Emdat to their menu of services, Zephyr-TEC can deliver the physician satisfaction, patient-focused care and [seamless EHR integration](#) that the Emdat solution brings.

***“We chose to partner with Emdat based on its ability to simplify the documentation process through mobile apps, streamlined workflow and automatic routing,” said Renee Griffith, Zephyr-TEC CEO. “The platform accomplishes documentation goals — capturing structured data as well as clinical narratives — without affecting physician performance.”***

With the addition of Emdat, Zephyr-TEC, a long-time reseller of speech understanding systems, continues its tradition of bringing the latest technology to its clients. Emdat's mobile app allows clinicians to fully document encounters on Apple iOS and Android mobile devices. Dictations are automatically routed to qualified medical professionals who quickly return high quality transcribed documentation that can be viewed, edited and authenticated on mobile devices. Once complete, documents are automatically printed, faxed, or integrated directly into an EHR system. By diversifying its service offerings, Zephyr-TEC enhances its ability to give clients a documentation solution that best suits their needs.

Additional information on Emdat and its documentation solutions can be found at [www.emdat.com](http://www.emdat.com). Learn more about Zephyr-TEC's services at [www.zephyr-tec.com](http://www.zephyr-tec.com).

## **ABOUT EMDAT**

Emdat, Inc. is a leading supplier of web-based medical documentation solutions. Empowering over 20,000 clinicians globally, Emdat continues its single focus to create sophisticated technology designed to decrease cost and maximize productivity and accuracy of the document creation process while protecting the richness of the clinical narrative. Medical facilities, health care providers and documentation service organizations trust Emdat to provide flexible, user-friendly and cost effective solutions that streamline workflow and easily integrate with electronic health record (EHR) systems — automatically populating data — to help ensure successful adoption. Emdat's mobile app allows clinicians to generate documentation from anywhere with a WiFi network or cellular data connection.

Headquartered in Fitchburg, WI, Emdat works with more than 2,600 medical facilities throughout the United States and a network of hundreds of documentation service providers worldwide. More information on Emdat is available at [www.emdat.com](http://www.emdat.com).
