**NEMO: HEART OF ICE**

In the grim cold of February 2013 a new *League of Extraordinary Gentlemen* book will surface: *Nemo: Heart of Ice*, a full-color 56-page adventure by the inestimable Alan Moore and Kevin O'Neill. It's 1925, fifteen years after the death of Captain Nemo, when his daughter Janni Dakkar launches a grand Antarctic expedition to lay the old man's burdensome legacy to rest. Accompanied by Nemo's ship-mate Ishmael, a ration of rum, and her father's log, Janni embarks on a perilous journey to the bottom of the world pursued by employees of an influential publishing tycoon, who seek the return of plundered loot. Jules Verne meets H.P. Lovecraft in the final showdown beneath the Mountains of Madness — the uncharted gap in the map where time is broken and our hero's reality is about to crack! Ready the Nautilus! She's going back to the South Pole!
