

# HERBHOUSE

I brought a friend home...

and I wanted to put it by the window

Problem is... I have a small kitchen...

Right Here!

and I want my friend to feel free.

So I thought...

## RESEARCH PICTURES

If I conserve floor space and utilize the outer space, I'll be able to put my friend by the window where it belongs

## CHOICE OF MATERIAL

I believe water bottles are big waste.

- Design a water bottle that can be reused after hydration...
- There should be a fun interactive DIY project included with the purchase of the water bottle
