Get a window view on the  
new century downtown.

Imagine. Working in high-tech, efficient office space walking distance from centuries of historic landmarks. A modern office tower built on a scale that gives you a lift, not a lost feeling. Showing clients the best of the town, from your office window. Walking to lunch among the murmurs of chatting professionals, and not the sounds of bumper to bumper traffic.

This is what makes the city magic. And what makes Concord Center so rare. Concord Center is the first new downtown office building in downtown Atlanta.

The City Center has always drawn the best and the brightest. Like them, you feel the city's energy and ambition and it matches your own like a kindred spirit. Like them, you know opportunity's knock can be heard loudest downtown.

OPENING  
DECEMBER  
2001

Brookmont Realty Group LLC

Concord Center's cordial staff invites you into a gleaming world of metropolitan polish, with walls hung with vibrant art and views of the city that turn at night into a field of stars. Next door, the YMCA offers a state-of-the-art workout you can work in any time. The Concord Center exclusive parking deck above ground offers convenience and 24-hour security for those working late, while a separate underground parking garage offers secure parking for the YMCA.

Let others rediscover the city. You've always known its magic. It's only natural you should be one of the first to know about Concord Center.
