Brave the
ELEMENTS
of **STYLE**
this Spring...

Hemlines are AIR born as
SKIRTS blow in the wind.
Light fabrics and soft colors
make fashion a breeze.

You're the current in any
WATERS with this season's
SWIMWEAR. In styles made to
flatter your natural beauty,
you're suited for making waves.

Never come up short on style.
Go for the BERMUDA SHORT in
EARTH tones or CROP PANTS
in soft colors. Paired with an
embellished tank for play or a
linen shirt for work - you're a
natural in neutrals.

FIRE up any style with hot
ACCENTS. Bring the heat to
your wardrobe with handbags,
accessories and shades in
bright materials, glittering studs
and glamorous stones.

Let NATURE take its course.
