

**Apostle Woods
Vision**

Preach and teach men and women about the grace and goodness of God, which leadeth thee to repentance by training disciples to become learned lawyers of the faith to defend the Body of Christ by the manifold wisdom of God.

My mission is to plead the case at hand.

To wit that the grace of God that has been revealed unto us has made prosperity available to all, which covers life in every area: socially, financially, spirit, soul, and body.

To achieve this we must be willing to develop in character by being disciplined to the obedience of God's Word at all costs. That man's faith should not stand in the wisdom of man but in the power of God.

Let us pursue excellence that the quality and value of God's perfection may be recognized in us, attracting the attention of all men to God.

Apostle C. L.
Woods Sr.

He sent his word and healed them and delivered them from their destructions.

Ps. 107:20

Ask, and it shall be given you;

Apostle CL Woods stands out in this generation not because of credentials, not even because of experience, but unlike so many Christians and ministers of the Gospel, he has done what many have not had the courage to do. Woods has fearlessly asked questions about the Body that the traditional church has been frightened to ask. One of the main questions that he has been willing to ask is “Why doesn’t the traditional church get biblical results on earth?” What he has found out is that the traditional church is not after Kingdom results. He believes that today only those who are seeking the Kingdom of God will get manifested results because the Kingdom of God is at hand.

***But seek ye first the kingdom of God,
and his righteousness; and all these
things shall be added unto you.***

Math. 6:33

***Seek , and ye shall find; Knock, and it shall be opened
unto you.***

Because Apostle Woods teaches and lives a results-based faith, he has had the expectation that when he gets quiet before the Lord, outside of methods, outside of ministry agendas, outside of man’s props, he gets answers. He teaches that Christ’s work on the cross was a finished work that supplied us with a benefits package that we must simply learn to live out of through growing in trust and love for the One who has left us this inheritance. This is evidenced by the fact that Woods walks in divine health, manifested Kingdom power, and the very love of Jesus Christ in the earth. Everything he teaches and preaches comes out of the unvarnished Word of God and everything he has been shown comes out of the questions he was not afraid to ask.

Know them which labour among you.
