

Is your Realtor
working hard. . .

. . .or hardly working?

Call Turbo Realty today!
Ask about our \$99 Flat Fee
listing option!

If your property is currently listed with another broker this is not a solicitation. We fully cooperate with all other brokers.

Turbo Realty has a \$99 FLAT FEE listing service for selling your home. The difference is that our “Flat fee” to list, market, negotiate, and sell your home is FULL SERVICE. A seller is only responsible to paying a commission to the buyer’s agent (3%).

So here’s why we do it:

- 1. We want to put new signs in yards with our name and brand.
- 2. We want to do such a good job that the sellers will choose us to help them to buy their next property
- 3. We want our new customers to tell all of their friends to use us because of our awesome service and low price.
- 4. We allow ALL of our agents to answer lead calls from each listing. We have more people at work finding buyers for your listing to increase the odds that we will find a buyer and earn the 3% buyers side commission.

Turbo Realty provides Full Service at a Discounted Price. Call today to see how Turbo Realty can do more for less.
