OUTPERFORMING THE BEST

BIB SHORTS

The ultimate performance Bib Short provides a high level of water and wind resistance in a super lightweight, breathable power-stretch fabric. Prominent seams have been removed and replaced with laser cut raw edges, reducing weight and bulk wherever possible. A bespoke high density chamois provides support in the precise areas you need, whilst reducing bulk and moisture build up.

- Bespoke High Density Foam Chamois
- High power-stretch woven microfiber
- Laser cut leg cuff, no silicon binding
- Water and Wind resistance
- Highly breathable

Available - Mens: Ladies
