Way of Life!

Don't start your **Holiday** stressed

Enjoy yourself knowing
your car is fit and safe after
a **Pre-holiday check**

Our extensive check means that if anything is identified as critical, illegal and in need of repair or replacement, we will contact you with a quotation.

It's that easy!

Plus a chance to **WIN** our competition
- please ask for details.

RELAX
for only **£XXX**

Don't start your holiday with a break down. Your safety is most important when you travel and one way of making sure your car is safe is to book a pre-holiday check with your local Suzuki Dealer.

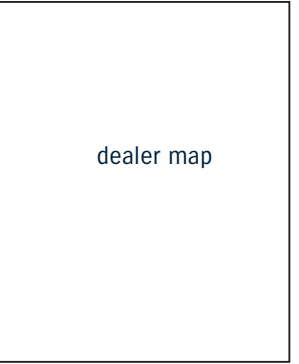

Our trained technicians will check your whole car over inside and out. This includes your battery, brake fluid, coolant, oil, brakes, pads, bearings and suspension. Of course we check your exhaust, tyres and lights and not forgetting an inside check. If anything is identified as critical, illegal and in need of replacement, we will contact you with a quotation.
