REEF ENCOUNTERS

FISH

SHELLS & TROPICAL FISH

Coast, shown right in full colour but also available single colour, are coastal scenes from around the UK, including Suffolk beach huts, Southwold pier and the Orford lighthouse. *Seaside*, deckchair shown, has 8 individual designs whilst *Beachcomber* is a landscape panel of 9 adjoining decors designed to use in any order & combination. Our *Fish* profiles, Plaice shown, are taken from 1930's charcoal drawings found in our archives and include freshwater and saltwater fish. Inspired by diving off the coast of Australia, our *Reef Encounters*, shown below with *Tropical Fish* & *Shells* tacos, are single colour images of reef creatures and coral, some of which are available in full colour in our *Marine* collection, turtle shown. All decors are hand painted to order, lead time 2-3 weeks.
