

# Enzyme Mother Project-popo Face mask

(External)

- Use of Instructions for popo Face mask.

Instructions for the use of popo Face mask have been listed and shown in a simple form of diagram. Common allergic reaction and handling method is indicated.

- Front cover of the leaflet.

The cover has been kept simple and tidy to portray a fresh image. The colour was originally designed to give a light brown, but orange being a shade of brown gave a much brighter image.

- Five aspects of popo Face mask.

The five aspects not only represent what makes the popo Face mask different from others. In addition provides notes of caution.

- Core elements of popo Face mask.

Rather than giving detailed description about each element, the role of each element in the product has been indicated.
