POSTER DESIGN

Go where
none have gone!
Dig deeper, deeper yet
Till thou reach
the grim foundation stone
And knock
at the keyless gate.

MAX SECURE SOFTWARE

WHAT IS SPYWARE?

Spywares, Ad wares, Malwares etc., eat up lots of resources and retards the Computer's performance. You compromise not only on speed and efficiency but also on your important private information that gets traded across to miscreants.

Spyware Detector gives a holistic solution to your spyware problems thereby enabling you quality working time.

HOW DOES SPYWARE DETECTOR HELP?

- 1 Comprehensive, Extensive and self updating threat definitions database keeps your system constantly guarded against spyware, adware, Trojan horses, keyloggers, tracking cookies, browser hijackers, worms and other Malware threats.
- 2 Innovative "SMART SCAN" technology detects and deletes the toughest spyware programs in just one scan. Also it provides advanced and comprehensive clearing technology for the special spyware which are the nastiest next-generation spyware threats.
- 3 Simple, Clean, Easy-to-use Interface makes the scanning process even more efficient.

AD

When I reach office, The first thing I do is

pinch myself

I work in Udaipur I work in freedom.

I work for a global player with the largest R&D team in the world and an unparalleled vision for the future of Energy Management. My company introduced the first electronic meter in India, installed pre-payment meters that measure half the electricity in the UK and 70% of Indian industries use our meters.

Secure Meters is India's pioneering Energy Metering company serving customers in over 60 countries, with 5 overseas subsidiaries and the world's largest R&D team in the industry. Inspire individuals in various capacities. For more information log on to www.securemeters.com
