

# The Palace

## Discover Mitchell

There's much more to Mitchell than just the Corn Palace and the city's other tourist stops. Following are some choices for family and adult fun.

**Golfing:** The city has two top-notch 18-hole golf courses, Lakeview

Municipal and Wild Oak. Lakeview, alongside Lake Mitchell, is considered one of the top municipal courses in the state. Wild Oak features nine holes alongside Firesteel Creek and nine newly added holes on higher ground.

**Bike trails:** An aggressive program of bike-trail construction is under way in Mitchell, adding to the many trails already in the city. One of the most popular paths is the Dry Run Creek segment, which stretches west-to-east through much of the city alongside Dry Run Creek and many wooded areas.
