

Our Mission:

Stange Construction & Woodworking was founded in May of 2006. I had worked at a local construction company from May 2000 before that. My main goal, is to give the customer the product which they desire whether it is a remodeled bathroom, a new home, or some form of woodworking project. If you have a project that you would like to have me look at, feel free to contact me, Josh, and we will see what comes of it. I appreciate your time and look forward to hearing from you!

Stange Construction can help you with all of
your carpentry needs.

Stange Woodworking can help you with all of your
smaller woodworking needs.
