We're excited about having you as our guests.....

You are invited to come see Tower Hill Camp and Retreat Center for yourself. We have 60 acres of wooded land and many charming facilities. Relax in our facilities or find fun things to do in the area. We believe you will appreciate all the ingredients for a meaningful retreat experience.

We understand the importance of combining laughter and fellowship with silence and solitude. Take a long walk on the beach of Lake Michigan on our own beach property or hike our trails in the woods on the grounds. We have an abundance of wildlife that travel through our grounds. Deer, wild turkeys are very prevalent. For bird watchers, we have birds not seen in any other place except our woods.

Come and spend time at Tower Hill and see why people keep coming back. We are eager to provide the services and facilities that you and your group need to enjoy a fun time away from distractions and seek a closer walk with God.

We look forward to having you!
