

I journeyed through the sea

Start your next journey at the Rob Ryan Gallery

Rob Ryan's work is special. It is special in the sense that it is something unique, special in the sense that it is something exceptionally beautiful, special as something that manages to be contemporary while carrying a strong hint of timelessness, a big gust of excitement combined with a familiar waft

of nostalgia, and finally, and more importantly, it is something special in the sense that his work always seems to appear out of the blue, like a face in a crowd, a sign. Come see his art at the V&A Museum on the 13 till the 28 of July from 10 to 18. vam.ac.uk
