

The ART of **SKATE** BOARDING

Skateboarding has come quite a long way from the Z-Boys out in California. Ranging from Banana Boards to Longboards, there's a large variety to choose in all shapes and sizes. Skateboarding is most definitely a culture within itself.

New York City is home to some of the most daring skateboarders in the world. Whether they're tackling treacherous, ancient terrain to flowing in and out of rush hour traffic; Skater's of New York City make it an art form.
