

The Christopolis restaurants have been designed by Gerri Sport. Sport's passion for the fine arts led her to Paris where she gained her education and now has global accomplishments that can be found in Japan, Saudi Arabia, Europe, New York, Utah and many other places around the world. Sport has created a warm and welcoming ambiance that tremendously enhances the overall dining experience at The Christopolis. The Restaurant welcomes children 8 and older for the early seating and children 13 or older anytime. (Children of all ages are welcome for Easter and Mother's Day brunches).

We have four wonderful locations in the United States to serve you.
The Christopolis

In Utah
