COMMERCIAL DESIGN PROJECT
NIGHT CLUB

Theme: “Do-Lo-Rez”

Up to the minute sofas etc. that are composed of various soft cubes or rectangular shapes of different heights arranged together to create furniture. The shape are then fixed to a platform by steel pins.

For lounge area do lo rez furniture arranged with do lo rez glass tables. In the shape of the do lo rez ottoman but instead of soft rectangular cubs have the rectangular cubed mad of glass block

Walls

Glass Block

Walls will be made of glass block, and each block would be popping out at different dimensions to keep the theme in the walls as well. Walls without glass block will be textured and have glossy paint including the ceiling. To help illuminate the room more without using as much energy.
