Laurel Court rests on the highest point in Hamilton County, in the Cincinnati neighborhood of College Hill. It was built in 1902-1907 as the home of Peter G. Thomson, founder of Champion Paper. Laurel Court is one of the finest surviving residences built during this elegant era.

The two-story home, with 36 rooms and nearly 20,000 square feet, was designed by architect James Gamble Rogers. The Beaux-arts design resembles the Petit Trianon, the home of Louis XVI and Marie Antoinette in Versailles, France.

Our guided tour will highlight the main rooms of Laurel Court, each decorated for the Christmas season. We will learn interesting historical facts, and be able to imagine the delight of stepping back 100 years as guests of the Thomson family.

Following the tour, we will enjoy a delicious lunch at the nearby College Hill Coffee Company and Casual Gourmet

Cost: \$30 per person
