## Home for the Holidays

So you were lucky enough to come to Central Florida for your fall and winter holidays? What next? Well, we're glad you asked. We've got beaches close by, plenty of golf, nightlife that goes from tame to rowdy, shopping, fine dining, oh and world-class attractions of course.

When traveling during the holidays sometimes it just doesn't feel like the holidays when it's warm and palm trees are blowing in the breeze. Don't worry, we've got some tricks up our sleeve. If you need snow and ice to feel like it's the holidays, we've got you covered. Every holiday season Gaylord Palms Resort offers a whole winter wonderland of snow and ice called ICE! There's also Christmas caroling at Epcot, Thanksgiving spreads at hotels and restaurants all over the area and up-all-night New Year's events that would give Times Square a run for its money. Basically, we are here to please. Whether you want traditional holiday décor or fun-in-the-sun adventure, Central Florida is the place to be during the fall and winter holidays.

Don't be shy to ask your concierge how to find a fine holiday meal or where to pick up a gift or two for a family member or maybe yourself. We're here to help. We want you to treat Central Florida like you second home and us like your family. Hey, and save us a drumstick, will you?

Sincerely,

*Rich*
