

FREIGHTLINER TRUCKS | Magazine Ad

Proud to be a part of Portland.

As a resident of Portland, Freightliner is always looking for ways to give back to the city we call home. In the past year, we sponsored both the Portland Parks Summer Concert Series as well as the restoration of the Hesse Collection Coach on display at the Portland Art Museum. We also recently donated a fire truck pumper to the Oregon firefighters and emergency services personnel for training. It's with gestures like these that we hope to make the great place where we all live, work and play that much greater.
