

DUNE STILLSUIT

- Embedded microcapillaries exchange heat
- Fluid flow envelope hybrid: proto-architectural
- Performative ornament

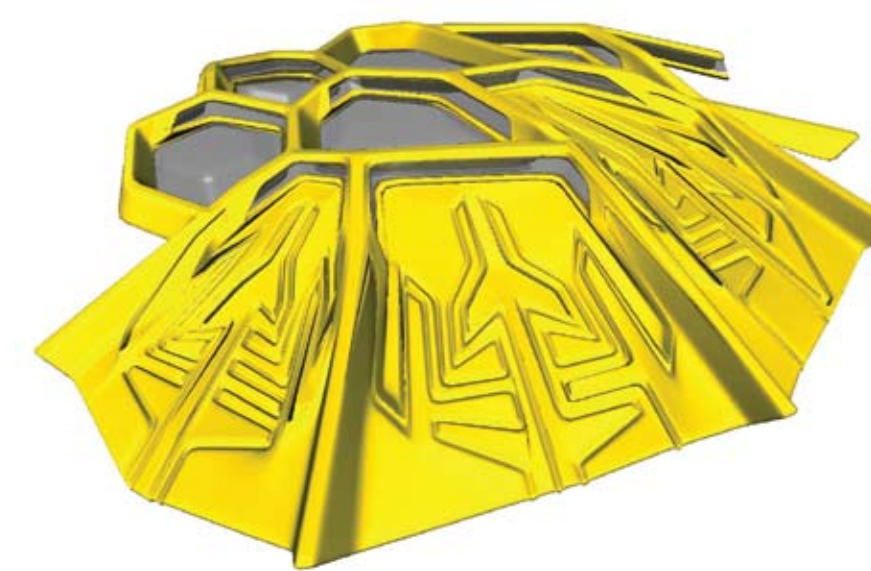

SOLAR THERMAL TUBES

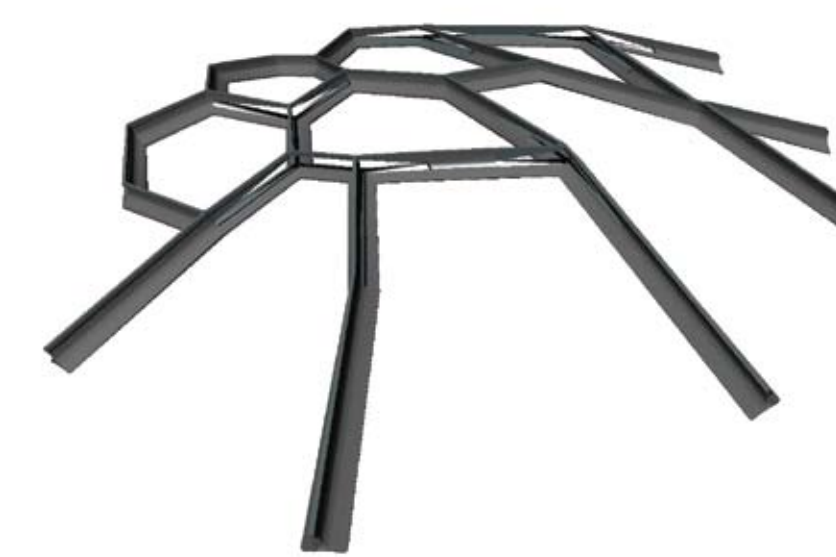

- Standard off-the-shelf system with no architectural effects
- Retrofitted rather than integrated
- Expresses technology and efficiency

TOP SHELL + GLASS

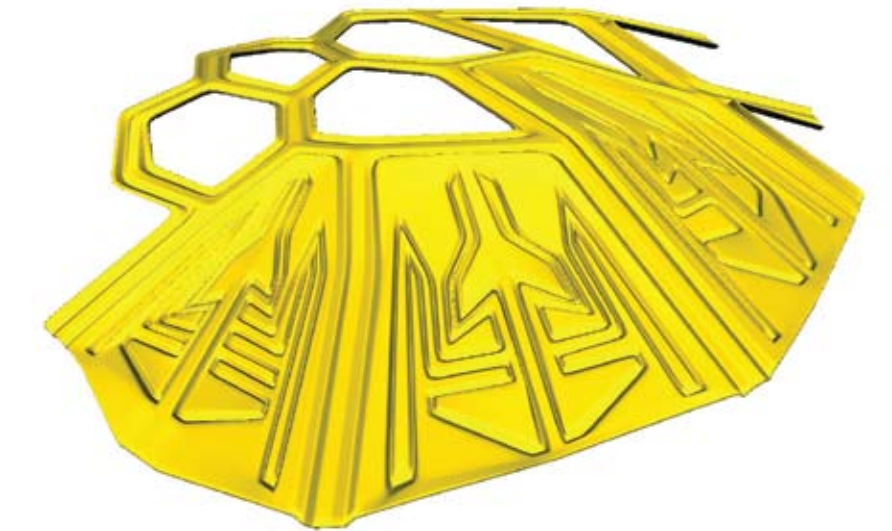

STRUCTURE

SOLAR THERMAL COILS

BOTTOM SHELL

THERMOSTRUT PROTOTYPE

- Interwoven yet discreet systems: structure, envelope, environmental systems
- Affect over pure efficiency
- Tectonics over pure technology
