

TESTIMONIALS FROM SOME OF MY SATISFIED CLIENTS

Repeat Client:

R. O'Rourke's company did an excellent job remodeling my master bathroom this summer! I met Rebecca O'Rourke several years ago when I remodeled my kitchen with the company she worked for at the time. I was impressed then with her design ideas, especially with the stone work.

So when it came time to do my bathroom, I naturally thought of her. I went to her with some ideas from magazines of what I was looking for and her resulting design covered everything I wanted and more.

During the construction, the project manager and general contractor were meticulous in their attention to detail, making sure that the craftsmen did a good job in every aspect. When issues arose (as they will in any construction project), they quickly determined optional solutions that we worked through together. I was always kept informed on the progress of the job with a daily journal they left for me.

The result is a master bathroom and closet that I absolutely love and will enjoy for years to come. I highly recommend her team at for any remodel or design job. They are a pleasure to work with!

I love my kitchen!

That is what I said when I saw my kitchen for the first time! WOW! I love my kitchen. I am a busy professional who needed help not only with the design of my kitchen, but also with everything else that went with that project. Rebecca impressed me from my first meeting with her and team she has put together. They impressed me by being so flexible, honest and they offered everything I was looking for. I had other quotes and listened to other companies, and I was not impressed. They really exceeded all my expectations and provided me with amazingly beautiful cabinets, good quality materials, awesome ideas, design and the price was unbelievable.

Storehouse of ideas and resources:

Rebecca is not just a source for cabinets, but also for all the interior design help you could want. We were in the process of building a new home in Prescott and stopped in at their small shop while visiting Phoenix. What a find! We not only got quality cabinets for our kitchen, baths, study, and laundry room, but interior decorating advice for each room. Rebecca is a storehouse of ideas; she was very willing to share those throughout the whole process. She even helped with areas of our house that had nothing to do with cabinets! Rebecca was so fun to work with. She was patient with my indecision and went way beyond the call of duty. We appreciate her expertise in making our home a beautiful place and would recommend her to anyone!

Great Service and a Job Well Done

Rebecca's team produced exactly the euro modern look that I wanted for my kitchen cabinets. He really went the extra mile to make sure that I was pleased. I was so pleased I had him install similar looking cabinets in my master bath.

Another happy customer!

"Dear Brian and Rebecca, Thank you so much for all your hard work. I love... love my kitchen! It was an absolute delight working with you!" M. Reilly

Scottsdale, AZ

I would give Rebecca a very high recommendation.

Rebecca was very friendly, listened and worked to help me with my vision for my home. She continues to be supportive and helpful after our appointment.

Very Happy with Rebecca

My wife and I have been so pleased with O'Rourke Designs. From the very first time we met her, we felt very comfortable with her design skills and thought she would deliver the best kitchen remodel we could get for our money. And we got just that! We are over the moon with the results!

Rebecca O'Rourke is the best designer in Phoenix.

My husband and I around August of 2004 were looking for someone to help us and guide us in the remodel and design of our home that was built in 1955. We had a lot of remodelers and designers come out and talk to us, but we were so blessed on the day a beautiful young lady came to our house who gave us wonderful and exciting ideas about what we could do with our home. That beautiful young lady was Rebecca O'Rourke. We loved her ideas and enthusiasm right off the bat.

Rebecca was professional from start to finish. The suggestions and ideas she came up with turned our simple little home into a stunning, beautiful home to enjoy for years and years to come.

The design of the kitchen, the back splash, the colors, the draperies, the furniture, the flooring, the area rugs, the paintings are incredible! Rebecca has such an eye for design!!

I have had so many people come into my home and say, WOW! Your home should be in a magazine! "It is beautiful," and it is because of the guidance and ideas of Rebecca O'Rourke.

It is now October 2007 and I have had so many friends and family who have come over and take pictures of my home for ideas with their own. I, of course, give them Rebecca's card.

She is absolutely "The Best."
