The gift of time

Hundreds of volunteers give their time to United Way so that overhead costs stay low.

Volunteers work with staff members and community groups to identify and address community needs and advocate long-term solutions.

Volunteers on our Allocations Committee review agencies to ensure programs meet community needs and closely monitor those agencies through audits and visits. They distribute Community Fund dollars to areas of greatest need and make sure that the money is well spent.

Interested in volunteering? Call us at 529-1183 or visit www.unitedwayww.org.

How your United Way Community Fund contribution is used in Walla Walla County...

CREATE A BETTER TOMORROW.

When you join forces with United Way, you don't simply improve lives. You improve our community.

United Way advances the common good by creating opportunities for a better life for all. Advancing the common good is less about helping one person at a time and more about changing systems to help all of us. It's the idea that we are all connected and interdependent.

What affects one affects many. As more individual lives are changed, benefits ripple out, and we all benefit by living in a stronger, safer, healthier community.

Our goal is long-lasting change that prevents problems from happening in the first place. We work to ensure that your investment in United Way supports local efforts that address the underlying causes of our most critical issues, not just quick fixes.

With your support, we can do what no one agency can accomplish alone. We can create positive, lasting change in our community. Together—united—we can inspire hope and create opportunities for a better tomorrow.
