

7
 site research and analysis
 photograph site and surrounding area
 produce sketch site plan

desk critique
 sketching

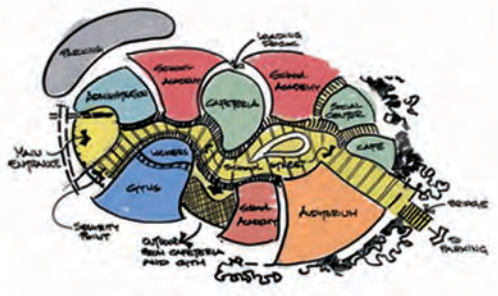

15 Week Design Studio
SCENARIO MAP

C.A.D.
 work

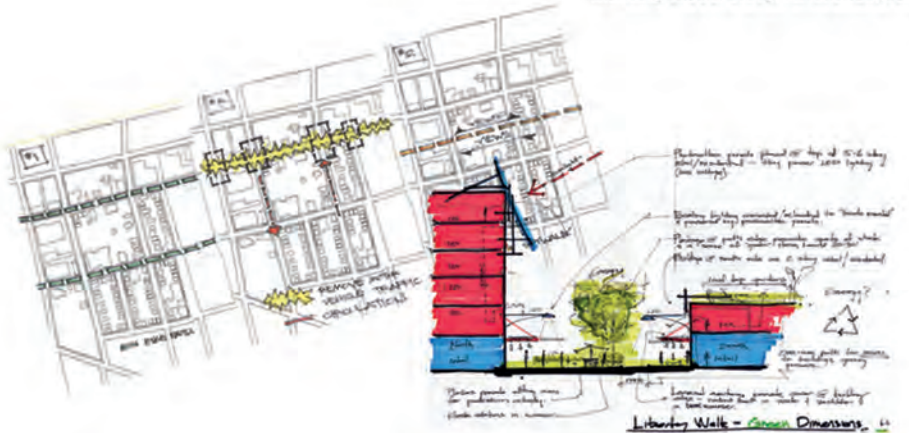

* = class critique /
 presentation

5 *
 finalize established design
 refinement of detail
 resolve structural issues
 produce model: physical or CAD

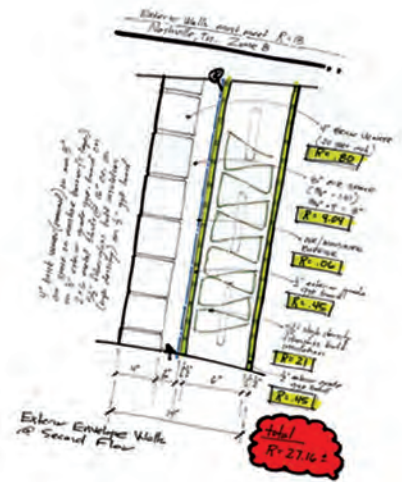

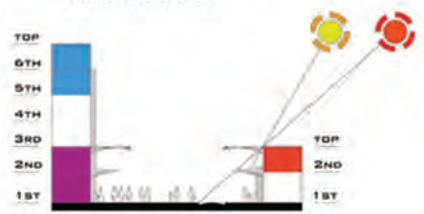

2
 design program analysis
 bubble diagrams:
 explore relationship of spaces,
 evaluate spaces and efficient design

3 *
 preliminary design + site analysis
 massing model study, functionality study

4
 design development
 explore design lay-out, structural issues
 sun and shadow studies,
 materials research

(architectural images produced by nicholas fortuna and michael rossi - L.T.U.)
