

LECKEY[®] HYDRoNAUT

The HYDRoNAUT is a swimming accessory to the Advance Bath Chair which caters for children age 1-18. The HYDRoNAUT allows the user to float in swimming pools or calm seas with the supervision of an adult. It allows the user easy access to natural water or pools.

The Advance Bath Chair can be easily slotted and secured into the frame. The colour scheme reflects the available colour choices of the Advance Bath Chair.

Let the aquatic adventures begin!

Low pressure polyurethane balloon tires. Suitable for load distribution over sand.

Advance Bath Chair

Tow bar for supervisor control
