## Expression of Gratitude

Today, we are delighted to have you as our guest. We would like to thank you for being a part of our very special and sacred day. We want to thank our friends for going beyond the call of duty and helping us to celebrate our special day. We would like to express our gratitude for the friendship that knows no bounds. Once again, like so many times before, your generosity astounds.

Our sincerest thanks go to our parents and families, whose continuous love and commitment to us has shaped us into the people we are today. Our lives would not be the same without your guidance. We are also thankful for the many hours our families have spent on preparation for this day.

Thank you to all our families, friends, and extended relatives for journeying here to celebrate with us today.

Love,

Sherlie & Louinel Claude

Ever wonder why God gives us two?  
A right hand to show the left what to do.  
One eye to watch and one to behold the  
beautiful treasures that life has to hold.  
One foot to travel and one to stand tall.  
Two feet to land on if we should fall.  
One man to stand by a women's side;  
One woman to cherish being his bride.  
The love between partners comes shining  
through and that is the reason  
God has made two.
