

Edit Mode

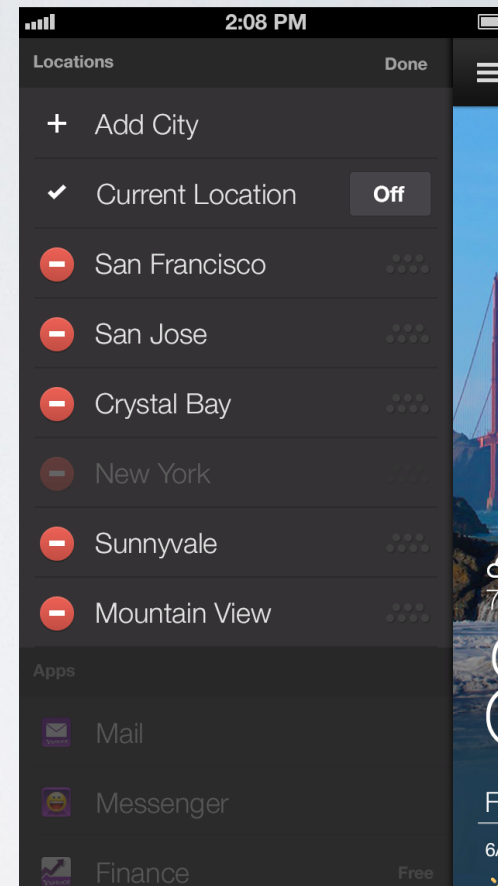

Tap area around "Edit" should extend 20 px into the main view and 20 px down into next row. *Edit can also be a row item

Tapping edit dims out all other content. Tapping anywhere in dimmed area equates to tapping "Done."

The icon for a toggle interaction in the sidebar should be gray, then dim out if turned off.

Deleted item is dimmed out and removed from the list upon exiting "Edit" mode. Toggle rows remain
