About DLT Solutions and Red Hat

For more than a decade, DLT Solutions, Inc. has provided government agencies and business customers with state-of-the-art technology products, services, and solutions. As a premier government solutions partner, DLT delivers unparalleled customer service with superior expertise in core product areas and a first-hand understanding of the applications. Our focused approach allows us to deliver top-notch technical and configuration assistance and fast, flexible ordering.

DLT is proud to have teamed with some of the most prominent IT software and hardware manufacturers in the world and is honored to hold the following distinctions:

- Red Hat's Largest Government Reseller
- Oracle's Largest Reseller in the World and Largest Government Reseller
- Autodesk's Largest Government Partner
- Largest Government Reseller of VERITAS Software (Now from Symantec®)
- Quest Software's Largest Government Partner and Largest Reseller in the U.S.
- Quantum's Largest Government Partner and Largest Reseller in the U.S.

As Red Hat's largest government reseller, DLT Solutions, Inc. provides the most trusted Linux system available to government agencies. Founded in 1993, Red Hat is the recognized leader in enterprise solutions that take full advantage of the quality and performance provided by the open source model. The Red Hat Enterprise Linux family of products provides the industry's most comprehensive suite of Linux solutions designed specifically for mission-critical enterprise computing, offering a superior combination of value and performance. That's why a study by *CIO Insight* ranked Red Hat the best company in the IT industry at delivering value to customers- #1 at lowering IT costs, #1 at meeting ROI expectations, and #1 in overall value.
