## Autodesk MapGuide & Google Earth: Working Together!

### Autodesk Geospatial Webcast: Integrating MapGuide Enterprise 2007 with Google Earth

This webcast is hosted by Geospatial Technical Specialist, Pete Southwood, who will teach you how to use Autodesk's latest advanced line of geospatial solutions. You will learn how to build and stylize your map in Autodesk Map® 3D, polish it up using MapGuide® Studio, then publish your data at Google Earth™ using the latest MapGuide technology.

Learn more about how Autodesk's MapGuide can now be integrated with Google Earth and don't miss out on the live Q&A part of the webcast where you can get the answers to any question you may have.

Register now at [www.autodeskgovernment.com/geospatial3](http://www.autodeskgovernment.com/geospatial3)

As always you can also call your DLT Solutions, Inc. representative at 888-447-2223 or email us at [autodesk@dlt.com](mailto:autodesk@dlt.com) if you have any additional questions.
