

Autodesk Government

Dear [[First]],

DLT Solutions, Inc., Washington Department of Information Services (DIS) and your local Autodesk Reseller have teamed up to simplify the procurement process for Autodesk's complete line of 2D and 3D modeling, collaboration, and visualization technology products through **Washington DIS/Autodesk Contract number T98-TSD-309**.

We also want to make sure you are aware of the March 15, 2007 retirement date for AutoCAD® 2004, AutoCAD 2004 - based software, and Autodesk Inventor® Series 8. After this date, you will not be able to upgrade or crossgrade your AutoCAD 2004, AutoCAD 2004-based software, and Autodesk Inventor® Series 8 to a current release.

Now is the time to upgrade to 2007 for greater efficiency! Let us help you during this fiscal year-end: The March 15, 2007 retirement date impacts the following products:

Platform Technology

- AutoCAD® 2004
- AutoCAD LT® 2004

Manufacturing Solutions

- AutoCAD® Mechanical 2004/2004 DX
- AutoCAD® Electrical 2004
- Autodesk® Inventor Series 8

Building Solutions

- Autodesk Architectural Desktop® 2004
- Autodesk® Land Desktop 2004
- Autodesk® Civil Design 2004
- Autodesk® Map 2004
- Autodesk® Survey 2004
- Autodesk® Raster Design 2004

Media and Entertainment

- Autodesk® VIZ 4

The new family of Autodesk software solutions includes:

- The world's most advanced 3D modeling, collaboration, and visualization technologies.
- Innovative ways to create, manage, and share data and digital assets more effectively.
- Taking the 3D environment to the next level by adding intelligence to the data, as well as interconnectivity of the design elements.
