

BUSINESS DRIVEN PRIORITY APPROACH

Transition Plan

(Key Capability Level Priority)

- Key capabilities required to fulfill defined business outcomes (2016 Decennial Census Test, Economic Census, Decennial Dress Rehearsal, 2020 Decennial Census)
- Projects not on schedule as of date to fulfill key capabilities

Integrated Master Schedule

(Key Activities and Deliverables)

- Key milestones and deliverables that are not aligned with IMS sequence timeline
- Dependencies that impact the milestones and deliverables the IMS sequence timeline

Priority Sequencing

Project Level

(Key Project Priorities)

- Functional & Technical Challenges that impacts the Project Progress
- Program Level Project SE&I Support
- Request Program Level Support to accomplish technical and non-technical functions

Enterprise & Business Partners

(External Stakeholders)

- Impact on Program due to shared services
- Governance and Compliance that needs to be met

Top Priority

Current State Assessment
