

**THE J.W. HULME DUFFLE**

The design of Hulme's duffel harkens back to the days when travel bags had to endure the harshest of conditions. Ours still can. The three-buckle dust flap serves two important functions: first, to protect the large double-zippered opening; second, to secure contents. Expertly crafted, each duffel is reinforced with double-stitched unbreakable T90 thread and/or riveted leather at the stress points; has an all-leather shoulder strap with sliding pad (to make bearing heavy loads easier) and a secret internal end pocket for valuables. Additionally, all rolling versions are outfitted with a hard-formed dropped bottom for separate extra-durable storage of items such as boots, tools, equipment or even dirty clothes. Rolling features include a telescoping handle and stair glides.

- SMALL DUFFLE BAG**  
 Style No. 661 20" w x 12.5" h x 10" d
- A 66114 American Heritage Leather ..... \$990
  - B 66155 Saddle Heritage Leather ..... \$990
