

Don 50 Lbs Economy
"Ready" Gas Fryers

by Frymaster/Dean

- All-purpose frying is even easier—X1314 includes attached legs and 36" Dormont gas hose; X1315 includes attached casters and Dormont quick-disconnect kit
- Thermo-tube style fryer is great for heavily-battered products
- Quick heat-up time, low idle cost during slow periods and low gas consumption; 41¼" frying depth increases production
- Cool zone design traps debris under cooking area—prevents carbonization of particles and oil contamination
- Stainless steel frypot, front and door; includes stainless steel cover and clean-out rod
- 120,000 Btu—specify natural or LP gas
- 1-year parts and labor warranty

Don 35 Lbs Supreme
"Ready" Gas Fryers

by Frymaster/Dean

- Easily hooks up and it's ready to use—X1312 includes attached legs and 36" Dormont gas hose; X1313 includes attached casters and Dormont quick-disconnect kit
- Open tank design is ideal for fries and light-battered products
- Centerline thermostat has quick response to loads and is accurate to 1°F; deep cold zone traps debris under cooking area
- Stainless steel tank, front and door; includes stainless steel cover and clean-out rod
- 105,000 Btu—specify natural or LP gas
- Lifetime limited warranty on stainless frypot; 1-year parts and labor warranty

Don#	Desc	Size	Wt	Qty
