

## New Line of Casegoods

### TRADE SHOWS

Wright Line will be participating in these upcoming trade shows:

**NOVEMBER 28-29, 2006**  
**Data Centre Dynamics**  
**Royal Lancaster Hotel**  
**Hyde Park, London, UK**

This conference is the largest gathering of professionals involved in the design, management and construction of 24/7 mission-critical IT facilities.

In a partnership with Jasper Desk, a new line of executive wood office furniture has been added to our product offerings. Jasper Desk was chosen for their exceptional quality and their superb reputation in the wood casegoods industry. They are the oldest wood office furniture manufacturer in the United States (1876) and promote the use of American-made or manufactured materials in all their furniture.

### New Data Center Accessories Catalog

A new catalog that features the full line of accessories that work with the Paramount and Vantage S2 enclosure platforms is now available. This 100+ page, full-color guide includes all accessories offered to store, cool, power, manage and secure mission-critical electronics and servers.
