*Only Qualifying Purchases with your enrolled PNC commercial card can earn points. A Qualifying Purchase is any signature-based or PIN-based purchase, Internet purchase, phone or mail order purchase, or automatic bill payment made with an enrolled PNC commercial card. Payments of existing card balances, balance transfers, cash advances, ATM transactions, convenience checks, fees charged by us (for example, annual fees, finance charges, and related service charges, if any apply), payments made for pre-paid and re-loadable cards such as certain gift cards and similar cards, or payments made for payment instruments that can readily be converted to cash (for example, travelers cheques, money orders, wire transfers, and similar products or services) are not Qualifying Purchases. PNC reserves the right to determine in our sole discretion whether a particular commercial card transaction is a Qualifying Purchase.

**Your current point balance is calculated after deduction of all expired points. Point balances may be negative, if, for example, you returned purchases that generated points. Your points balance may be adjusted from time to time resulting in either positive or negative point amounts. The reason for the adjustment is provided upon login on the View Activity page. For more information, please see your program Terms and Conditions.

Rewards are subject to availability and certain terms and conditions. The merchants providing rewards are not sponsors or co-sponsors of, or affiliated with, PNC. Use of merchant names and/or logos are by permission. Please see the merchant's gift card/certificate/web site or as otherwise instructed for complete terms and conditions.
