

Becker Desk System

JG

Becker Desk *with Double Radius Edge*

Deco Detail - Becker Desk components assume a Deco flair when the edges are shaped with a double radius profile which is offset by cove detailing on both the end panels and drawer fronts. All componentry with double radius edges is available in JG's standard wood finishes and options including black feature strips, drawer pulls, metal base trim and laminate tops.

☞ Shown is the Becker Desk no. DD/U 7236/ROS, Becker Credenza no. DL/U 7220, Becker Bookcase no. DBC/364 and Becker Occasional Table no. T/OB24. Items are in JG's cherry veneer, natural finish no. 80. Also shown is JG's Artacula 2 highback chair and Cabar side chair. See back cover for a full explanation of the Becker Desk System.

Becker Desk with Bevel Edge

Transitional Detail - When specified with bevel edges, the Becker Desk offers versatility adaptable to a broad range of design schemes. The Bevel Edge Becker Desk, in any of JG's standard wood finishes, paired with a large offering of options, expands into a diverse casegood offering.

✪ Shown in medium cherry no. 52 is the Becker Desk no. D/U6030/000, Becker Executive Bridge no. D/B3621 and Becker Credenza no. D/U6020/000. Also shown is JG's Articola 2 executive chair.

General Information - Deco and modernist, transitional or traditional, the Becker Desk System embodies the spirit of some of the most influential periods in architecture and design. True to the purity of the designs, each Becker Desk is constructed with superior materials and workmanship.

All four edge details can be specified in either quartered Sapele mahogany (3 finishes), flat-cut cherry (2 finishes), rift-cut white oak (4 finishes) or quartered American black walnut (1 finish). The complete Becker Desk System consists of desks (5 sizes), returns and bridges (12 variations), credenzas (3 sizes), bookcases (3 sizes), hutches (12 variations), occasional tables (2 sizes) and drawer/storage pedestals (12 variations). The Becker Desk System can handle virtually any project's casegoods needs by combining a wide variety of edge details, veneers, finishes, components, options, and JG customizing capabilities. See the JG desk price list for detailed information on the Becker Desk System.
