**Order Information:** To order, specify quantity, panel type, panel size, and fabric selection (if required). From the left fabric, provide general specifications for wire, base covers, and panel type finish. Joining hardware is included.

**Note:** Panels are supplied with pre-punched fabric covers for 8-wire electrical system unless noted otherwise. If 8-wire electrical system base covers are required, note with general specifications.

**Example Item No:** E6030

Radius top  
Chrome base  
#12 Medium Mahogany

**Description:** All IOP panels are 2 1/2" thick, available in six heights and six widths. All panels are equipped with a wire management base with snap-on covers and adjustable leveling glides.

Type "F" fabric panels are acoustical with a 56 NRC absorptive area and a STC rating of 27. Fabric panels are available.

Type "W" panels are available in authentic real-wood veneers of quarter-sawn Sapele mahogany, rift-cut oak or flat-cut cherry.

COM fabric selection may affect UL Listing.
