

SPiN GALACTIC iPhone 5 Case

SPiN GALACTIC is a company that runs a series of Ping-Pong night clubs all around the world. They wanted their own uniquely designed phone case for the iPhone 5.

The end result was a phone case with a texture similar to the surface of a Ping-Pong paddle. It also allowed for the imprinting of a graphic of the company's name.

The final product was so successful that SPiN GALACTIC requested the same design with the logo for their Dubai Club Branch.

This product is currently being sold by SPiN GALACTIC.
