

The project asked us to identify a problem that exists within a specific area of a home. I focused both on spatial issues and dinning environments.

“The American home of the future will be smaller, more energy-efficient and apt to have a combined great room-kitchen area.”

- Wendy Koch, USA TODAY

Family Issues:

Cost

- Multifunctionality
- Customizable

Cleanliness

- Child Use
- High Mess Areas

Space

- Kitchen Area
- Storage

I focused on the areas that are directly related to dinning.

Target Domains

- Kitchens
- Patios
- Dinning Rooms

I also looked specifically at typical chairs used within these areas.
