

Joseph
J.S.A. BANK

A classic, yet stylish addition to any man's wardrobe, the vested suit is a must-have as the fall season approaches.

Designed with a touch of European influence, our innovative Joseph three-piece vested wool suits offer updated lines, luxurious fabrics and a sophisticated new twist on a classic look. The 2-button coat has side vents and features tailored shoulders and higher armholes that allow for a close fit and freedom of movement. The trousers are available in single-reverse pleated or plain front.

Dress Tip: Three's a trend!

Over the past year, there has been resurgence in popularity of the three-piece suit. The vest (also known as the waistcoat) not only gives the suit a more formal look, but also provides an extra layer of warmth. As an added bonus, the vest helps keep the shirt and tie in place and can have a trimming effect on your waistline! Remember, always wear your vest buttoned, but leave your coat unbuttoned. You can also skip the vest and transform your 3-piece suit into a 2-piece suit.
