SUSPENSION SPRING WEDGES	0431-0260	\$39.95

1 SPROCKETS
Computer-designed to meet your ATV needs. CNC-machined, not stamped like so many other sprockets. Rear sprockets are constructed from 7075 T6 aluminum and hard-anodized black for superb strength and light weight. Front sprockets are made with case hardened chromoly-steel. Our "non-grooved" design means more aluminum stays in contact with the chain for longer sprocket life. Made in the USA.

2 SHOCK COVERS
Protects your shocks from mud, dust and debris. Made of durable 400 denier nylon cloth. Strong, durable 2" hook-and-loop closure strip, high strength elastic at both ends, and four vented holes for better ventilation. Available in three colors plus camo.

3 SUSPENSION SPRING WEDGES
Flexible spring spacers install in minutes and offer additional front or rear suspension stiffness while using items such as snow plows, sprayers, and spreaders. Fits most utility ATV stock shocks with spring diameter up to 3".
