

## Installation Manual Sample Page

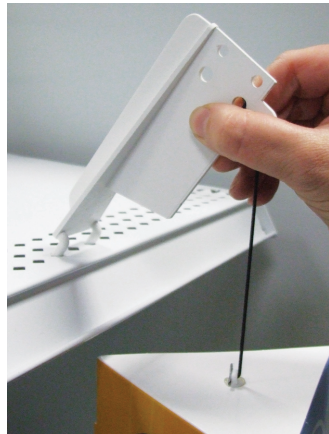

### In-Store Marketing Material Installation Guide *3-D Rotating Dangler*

- A.) Insert one end of the elastic cord into the bottom hole as shown. Feed the cord back through the hole above the bottom one, so the barb on the end of the cord catches as shown above.

- B.) Insert the other end of the elastic cord into the clip on the top of the 3-D Dangler so the barb on the end of the cord catches on the clip.

- C.) Insert the pegs on the end of the hanging hardware into two of the front row holes in the shelf as shown.

- D.) 3-D Rotating Dangler should hang over shelf as shown above.
